

A close-up, low-angle shot of a dragon's head and neck, likely from the Game of Thrones series. The dragon's head is in the foreground, facing left, with its eye visible. The neck and body extend upwards and to the right, showing detailed scales and spines. The background is a bright, overcast sky. The text "Game of thrones" is overlaid in red, bold, sans-serif font across the middle of the image.

Game of thrones

The creator of the throne

First of all you have to know who created the iron throne, your name was Aegon Targaryen, he was the king of the seven kingdoms of Westeros, he took over of the biggest dragon ever and became the king defeating all your enemies. With the dragon's fire he made the throne using swords of who was against him.

The beginning

Currently, the king is Robert Baratheon, he took the throne from Targaryen's house. The history keep going with Ned Stark meeting with Robert. Ned is the lord of Winterfell, they are known because of their honor and always keep they words. The flag from Targaryen's house is represented by a dragon and the flag from Stark's house is represented by a wolf. When they meet with each other, you realized that they have been friends for a long time, they are like old friends of war. However, the wife of Robert is

from Lennister's house, Starks and Lennisters are a kind of natural enemies. Just to look at her you can see that this woman is a bad person, her name is Cersei Lennister, and she has three children, she is the twin brother of Jaime Lennister that keep on secret an incest relationship, actually the children are not of Robert but of her brother. Lennister are a rich house and they are known because always pay their debts. The beginning of the bad times start with the death of Robert Baratheon, before he died he wrote a letter speaking that Ned Stark would be the next king, however in a monarchy when the king died the successor from the throne is your son, but Robert already knew that Joffrey wouldn't be able to take over of the kingdom, Joffrey Baratheon was not the real son of Robert, as I said, he was a children of a relationship between brothers, Jaime and Cersai. In a nutshell, Cersei wouldn't leave the throne to Ned, so she made a trap to him, and he end up with his head cuted out on public.

The main characters

Now, let's talking about one of the most important characters, Daenerys Targaryen. When Robert took the throne, from Targaryen's house, he thought that he had killed the whole family of the old king but the truth is that two children leave the kingdom with the hope that one day they would be able to have revenge. These brothers started a journey to get everything they lose in Westeros but after the old brother selling his sister to Kaudrogo, the leader of Dotraques, he also end up killed. Dotraques are like a group of barbarians that take horses as vehicle. Then, Daneryes became the wife of Kaudrougo, and earned a gift of her husband, on the first view this gift looks three rocks but the truth is that these things was eggs of dragons but everyone thought it was useless. After been raped by Kaudrougo, she got used to live with them and learned their language, she until fault in love with Kaudrougo and got impregnated. Few events after, Kaudrougo got sick due to a cut of poison knife and Daenerys scared of all the mess asked to a witch to help him, but in this moment she

started to give a birth in the same time, actually this witch didn't want to save Kaudrougo the truth is she wanted to kill him and she did. The baby of Daenerys also came already dead, she figured out that can't give a birth and lose two lovers on a unique day. Now Kaudrougo is not there anymore so she don't have any power to take over of Dothraki, and she was separated of the others woman, now she is a widow and can't even go out of there. She knew she had to keep going to complete her objectives and decided to do something about that situation. Sir Jorah is a warrior that promised to Daenerys that always will protect her, it was before she get married. He try to help her to get out of that place she is stuck. But Daenerys wanted to show them up she is a queen, so she fired up the current leader and the whole house killing everyone is in. But she still was inside of the house on fire, Sir Jorah thought it was her end but Daenerys came through the fire without be burned, all Dothraki saw it and thought she was a kind of god, after this, they promised that would follow her whenever she wants. After she realized that can't burn with fire, she start a ritual to Kaudrougo

burning his body, and go together with him through the fire, she pass the whole night inside the fire and when the morning came, she appears with three baby dragons. This is Daenerys, the woman who want to become the queen of Westeros and complete her revenge.

On Winterfel there's a guy called Jon Snow, he is the bastard son of Ned Stark and he have a dream to become a honor warrior, the whole history he is called as a bastard but it's not true, he has Targaryen's blood in your veins because his father was the king of Westeros and his mother the lady of Winterfel and sister of Ned, but before she died she asked to Ned to never tell to other people about her children or they would kill him, so when Jon Snow became adult Ned decided to send him to Black Castle, that place stand on the North and is a kind of prison to thief and assassins, when he was notified about it he started to wondering yourself why his father would send him there, but actually Ned only want to protect him and it was the best way to do it. On black castle he became the leader, but after that he was stabbed to death, but he came back from the

death by a witch, after that he leave the castle black and take the path to Winterfel. Now you know a little bit more about the main characters of game of thrones.
