

# **TECHNOLOGY DISCUSSION**

André Murilo

## QUESTIONS

## 1- Is technology a good or a bad thing?

The benefits of technology are very good and important to us, but if we use the technology with bad intentions we will not enjoy it.

## 2- What new technology could you not live without?

I could not live without my cell phone, because I use my cell phone the whole day.

### 3-Do you always trust technology?

No, because sometimes they don't work like the way they should. But I can't deny that they are very useful to do a lot of things.

#### 4-Do you like using technology to learn?

Yes, I always find a lot of subject in sites, blogs and especially video lessons. So I like using technology to learn.
