

# Dogs and Their Characteristics

by [Katie Couric](#) and [Lisa Schwarzbaum](#)

Siberian Husky,  
on TV show,  
Game of  
Thrones, Lady

Siberian Husky is a strong dog with a muscular structure very developed. The skin is covered with two layers of coat. They have eyes with very chamative colors, like blue, green, yellow or hazel. Usually they have legs in white colors, with black spots all over the body.

The body is covered with hair in white and gray (most common) or in combinations with white: red copper, black, reddish brown. They may be also all white. They have medium sized ears, pointed upward. On average, huskies measure from 50 to 60 cm tall.

## Siberian Husky, on TV show Game of thrones, Ghost

The Siberian husky is a breed that loves to play. Needs large spaces to burn energy. They are smart and observant, easily noticing everything that happens around you. They are affectionate and companions. They have a hunting instinct and may chase and kill cats, rats, rabbits or other small animals. They can become aggressive when attacked by other dogs. The life expectancy of this breed is 10 to 15 years old. They have the habit of licking the hair as a measure of hygiene. They can be trained, but not completely assimilate the training.

Pug, on movie  
Men in Black II,  
with Will Smith

Pugs are cute, friendly and very, VERY stuck on owners. The pug is a purebred miniature Chinese origin. They have a square look and are low (small), compact and muscular. Dogs breed weigh between 6.5 and 11.5 pounds. The head of this breed of dogs is shaped arredondad, big and solid. The muzzle is flat and square. The pugs tail is spiral shaped. The eyes are rounded, large and globular shape. The pugs coat is thin, short, soft and smooth. There pugs dogs with coats in the following colors: black, apricot, brown and silver. The height of these dogs ranges from 25 to 29 cm (males) and 50 to 55 cm (female). The bark of this breed of dog is very interesting and different. When late seems to be rumbling with small intervals of grunts. For those not familiar with this breed, you may think that your dog is choking. The pug breed healthy dogs live an average of 13 to 15 years.

## Pug, on movie 12 Rounds, with John Cena

Pugs are excellent pet dogs because they have a behavior docile and friendly. They are dogs with great capacity of attention, because alerts are most of the time. It is a sociable dog, with great capacity to adapt to different environments and people. They are also known as Chinese Pug, Mops and Carlin. The flattened snout pugs hard to breathe, it is breathlessly. As a result, not stand being indoors for too long, and may even die from respiratory problems.
