Por: Guilherme&David

**Hello, we are going to talk
about dogs. We are going to
talk about Pugs, Siberian
Huskies and Yorkshires.
Let's go !!!**

Pugs are originally from China. They have short-muzzled face and a curled tail. They have been described as much in little, referring to the pug's personality and small size. They are strong willed but rarely aggressive, the pug is suitable for families with children.

The Siberian Husky is originally from north-eastern Siberia. Huskies are active, energetic, and resilient. Siberian Huskies are highly intelligent. Siberian Huskies are still used as sled dogs in sled dog racing. Siberians gained in popularity with the story "Great Race of Mercy".

The Yorkshire is originally from Northern England. The name is familiar and well understood across the United Kingdom and is in common use in the media and also features in the titles of current areas of civil administration, such as North Yorkshire, South Yorkshire, West Yorkshire etc.
